PROFILE

Versatile Full-Stack Developer with specialized expertise in the **MERN stack**, **Next.js**, and **React Native**. Proven track record in building scalable e-commerce solutions using **Shopify CLI** and integrating cutting-edge **AI technologies** (Comfy UI, real-time detection). Passionate about delivering high-impact web and mobile applications.

EXPERIENCE

Shopify MERN & React Native Dev *Oct 2025 – Present*
QF Network *Karachi, Pakistan*
- Engineered e-commerce apps using **Shopify CLI**, Remix, and React Router, boosting dynamic routing speed by 30%.
- Developed cross-platform mobile apps with **React Native**, incorporating AI-driven features for enhanced user engagement.
- Integrated **Python FastAPI** microservices with AI engines (Comfy UI) for real-time image/video generation.

Web Developer *Mar 2025 – Aug 2025*
iTechSolution Software House *Karachi, Pakistan*
- Built responsive web applications using the **MERN stack**, ensuring robust frontend-backend API integration.
- Optimized legacy codebases for scalability, significantly reducing load times and improving deployment reliability.

KEY PROJECTS

LoveLock AI Influencer Studio Live Demo →
Tech: Next.js, Python FastAPI, Comfy UI
- Full-stack platform for generating hyper-realistic AI images/videos with infinite real-time chat capabilities.

ChatifAI – Shopify Support Bot Live Demo →
Tech: React, Shopify API, Node.js
- AI-driven chat assistant automating Shopify store queries, order tracking, and product recommendations.

BB Blond Live Demo →
Tech: React.js, HTML, CSS, JavaScript
- A modern web application built using the latest web development technologies.

NeoTeq-X Ring Size Form Live Demo →
Tech: Shopify Extension, Liquid, JS
- Custom post-purchase form extension for capturing product data efficiently.

FiveStarReply.ai Live Demo →
Tech: MERN Stack, NLP Models
- Automated AI reply generator designed to improve customer service response efficiency.
